A – Area Walkthrough

Start - Playroom

The Playroom stands as a hub where the player proceeds to each area through a doorway. There are 6 doors in the Playroom, Door 1 leads to Park 1, Door 2 leads to Town 1, Door 3 leads to Park 2, Door 4 leads to School 1, Door 5 leads to School 3, and Door 6 leads to Town 3. The Playroom is also the place where bonuses will appear after 40 crystals have been collected in a level. There are 2 Kids that appear in the Playroom. The first is a girl Cabbage Patch Kid named Emma Joy; she appears before the first door. Emma Joy will remain there until all the puppies are found. The second Kid has no name and appears after a friend has been found in a completed level. This Kid appears next to the TV and serves as a Friends List.

Door 1 - Park 1

Begin by moving right and collecting the first 6 crystals. After collecting the 6th crystal, jump on the branch to your right. Then jump on the branch to the left collecting the 7th crystal. Then jump on the branch to the right and collect the 8th crystal. Jump to the next branch on the right collecting a crystal. Jump off the branch collecting the 4 crystals on the way down. Move left to collect 2 crystals. Move right and collect crystal 16 and 17. After crystal 17, jump on the branch located to the right of crystal 17. Jump to the top branch and then jump on the branches to the left to collect the 19th crystal. Continue to the right collecting the crystals, jump over the Prickly Bush and continue to collect the 23rd crystal. Jump on the ledge located to the right of the 23rd crystal. Jump to the next ledge and collect the 24th crystal, then jump to the right and collect the 25th crystal. Jump off the right of the ledge and collect the crystals on the way down to the ground. Walk left and collect the 29th and 30th crystals. Move right and collect crystal 31. Jump on the ledge above crystal 31 to collect crystal 32. Jump on the ledge to the right to collect crystal 33. Jump off the right of the ledge and collect the crystals on the way to the ground. Move left and collect the 2 crystals missed and then move right and collect crystals 39 and 40. Pet the Puppy and the level is complete.

Door 2 – Town 1

Begin by moving to the right and collect the first 9 crystals. After the 9th crystal use the BunnyBee Lift. This takes you to the top of the white platform. Jump of the platform to the left onto the red striped canopy. Continue moving to the left and then jump on the green and yellow striped canopy. Jump up and collect the 3 crystals above and then jump to the left off the canopy collecting the crystals on the way down. You should now have 17 crystals. Move to the right and reuse the BunnyBee Lift. Move to the right collecting the crystals. Dodge the Squirrel throwing nuts and jump over the Pigeons. Continue moving right until you reach the next BunnyBee Lift. Take the Lift to the next ledge and jump to the left collecting the crystals on the way down. Take the BunnyBee Lift again and move to the right until you reach the tables. Jump on the first table and jump up to collect 2 crystals. Jump on the second table and jump up to collect 2 crystals. Move right and jump over the Pigeon and the Fountain Pool while collecting the last crystals. Talk to the Kid and the level is complete.

Door 2 – Flower Power Mini Game

The goal of this mini-game is to water the flowers as quickly as possible. The first section has only 2 flowers to water. The first thing to do is jump up to the top level. Then walk left over to the spigot. As soon as the A Button Icon appears, press the A Button. With the 1st flower watered, quickly move right and jump down to the bottom level. Move to the left and water the 2nd flower. The second section has 3 flowers to water. To accomplish this use the same strategy as before. Just water the 2 flowers on the top level and then the 1 flower on the bottom level. The third section has 4 flowers to water. Use the same strategy. Move quickly and water the 2 flowers on the top level and the 2 flowers on the bottom level.

Door 2 – Town 2

Begin by moving to the right and collecting the first 6 crystals. Jump up on the platform dodge the Pigeon and collect the 7th crystal. Take the BunnyBee Lift up to the top of the white platform collecting the 8th crystal. Jump off the left of the white platform onto the tree branch. Collect the 9th crystal, dodge the Pigeon and jump left off the branch and collect the 3 crystals on the way down. Move to the right and reuse the BunnyBee Lift. Jump over the Prickly Bush and continue moving right collecting the crystals on the way. Jump over the Fountain Pool, collect the 17th crystal and use the BunnyBee Lift. At the top of the platform, jump left to the branch. Collect the crystals and then jump to the green and yellow canopy. Collect the 2 crystals and jump left to the next canopy. Collect the 2 crystals. Then jump to the left off the canopy and collect the 3 crystals on the way down. You should now have 27 crystals. Move right and reuse the BunnyBee Lift. At the top of the platform move to the right and take the lower path. Keep moving right, jumping over the Fountain Pool and using the BunnyBee Lift. Collect the 34th crystal on the white platform of the BunnyBee Lift. Jump left off the platform onto the green and yellow canopy. Collect the crystal and continue moving left by jumping over the gaps and collecting the crystals. When you are back at the red fire hydrant, you should have 39 crystals. Move to the right and reuse the BunnyBee Lift. From the white platform, move right, and slide down the slope to collect the 40th crystal. Pet the Puppy and the level is complete.

Door 3 – Park 2

Begin by moving right and collecting the 1st crystal. Jump over the Mole and collect the 2nd crystal. Move left and jump over the Mole again. Jump on the Bouncing Branch and land on the branch farthest left. Move right jumping on the branches and collecting the crystals, from the fourth branch,

jump onto the cliff and collect the 7th crystal. Jump over the Fountain Pool and jump right, onto the branch. Jump left onto the next branch up. Then jump left onto the Bending Branch, quickly jump right, onto the next Bending Branch. Then quickly jump to the right onto the next branch. Jump to the right off the branch collecting the crystals on the way down. Move left and collect the 2 crystals on the grass slope. You should have 16 crystals before the BunnyBee Hover power up. Walk to the right and collect the 17th crystal in the pit. Move back to the BunnyBee Hover. From the Hover, jump to the right to the ledge with the Sunflower, while collecting the crystals. Jump up the cliff to the right using the Sunflower. Jump over the Fountain Pool and collect the 22nd crystal. Move left, jump back over the Fountain Pool and jump onto the platform on the left. Jump up one platform and jump left off the platform collecting the crystals on the way down to the platform below. You should now have 28 crystals. Jump up the platforms to the right collecting the crystals as you go. Move right and slide down the slope. Then jump onto the ledge and jump over the Prickly Bush collecting the 40th crystal. Pet the Puppy and complete the level.

Door 3 – Puddle Jump Mini Game

The goal of this mini-game is to jump in and splash more than ten puddles. Wait for a rain drop to fall and form a puddle. When a puddle is formed, jump into the puddle. Quickly jump into as many puddles as possible. Splash more than 10 puddles and you will win the mini game!

Door 3 – Park 3

Begin by moving to the right. Jump over the Mole and the Prickly Bush, after the Prickly Bush jump up to the second step. Jump off the step to the left onto the branch. Jump left onto the Bending Branch and quickly jump left again onto another branch. Collect the first 2 crystals and jump off the branch to the left collecting the 3 crystals on the way down. After landing on the ground move to the right, again jumping over the Mole and the Prickly Bush. Jump up the steps and collect the 6th crystal. Jump over the Fountain Spray and continue right. Collect the 7th crystal, jump over the Turtle and the Fountain Pool, and collect the 8th crystal. Move left and jump back over the Fountain Pool. Jump left up the three platforms and then jump up one platform. Jump right onto the platform with the BunnyBee Hover. Use the BunnyBee Hover by jumping right, floating through the air, collecting the crystals and landing on the top of the cliff. Move right, jump over the Mole, and collect the crystal between the two

Prickly Bushes. Jump up the steps and collect the 14th crystal. Slide down the slope and collect the 15th crystal. Continue to the right and jump over the Fountain Spray to collect the 16th crystal. Move left, jump back over the Fountain Spray, and use the BunnyBee Lift. Jump right onto the Bending Branch, and quickly jump to the branch on the right. Jump up left to the next branch. Jump up left again onto the next branch and then jump right onto the Bending Branch. Quickly jump up to the next Bending Branch and then jump left onto the cliff collecting the 21st crystal. Continue moving left, jump over the Mole, and collect the 22nd crystal before the Fountain Spray. Jump to the branch above you and then jump to the right onto the Bouncing Branch. Collect the 2 crystals above the Bouncing Branch and land on the branch to the left collecting the 25th crystal. Move left by jumping on the next 4 platforms, while collecting the crystals. Jump onto the cliff and then walk off the cliff to the right to collect the 31st crystal. Move to the right and jump over the Pigeon and Fountain Spray. Again jump on the branch above you and work your way back left onto the cliff. Once back on the cliff move to the left and jump over the Prickly Bush to collect the 3 crystals on the slope. Move back right and jump on the branch above the Prickly Bush. Jump to the branch on the right. Jump up onto the Bouncing Branch collect the crystal in the air and land on the left branch. Jump left to the next branch, collect the crystal, and then jump onto the cliff. Continue moving left, jump over the Mole, and slide down the slope collecting the 40th crystal. Pet the Puppy to complete the level.

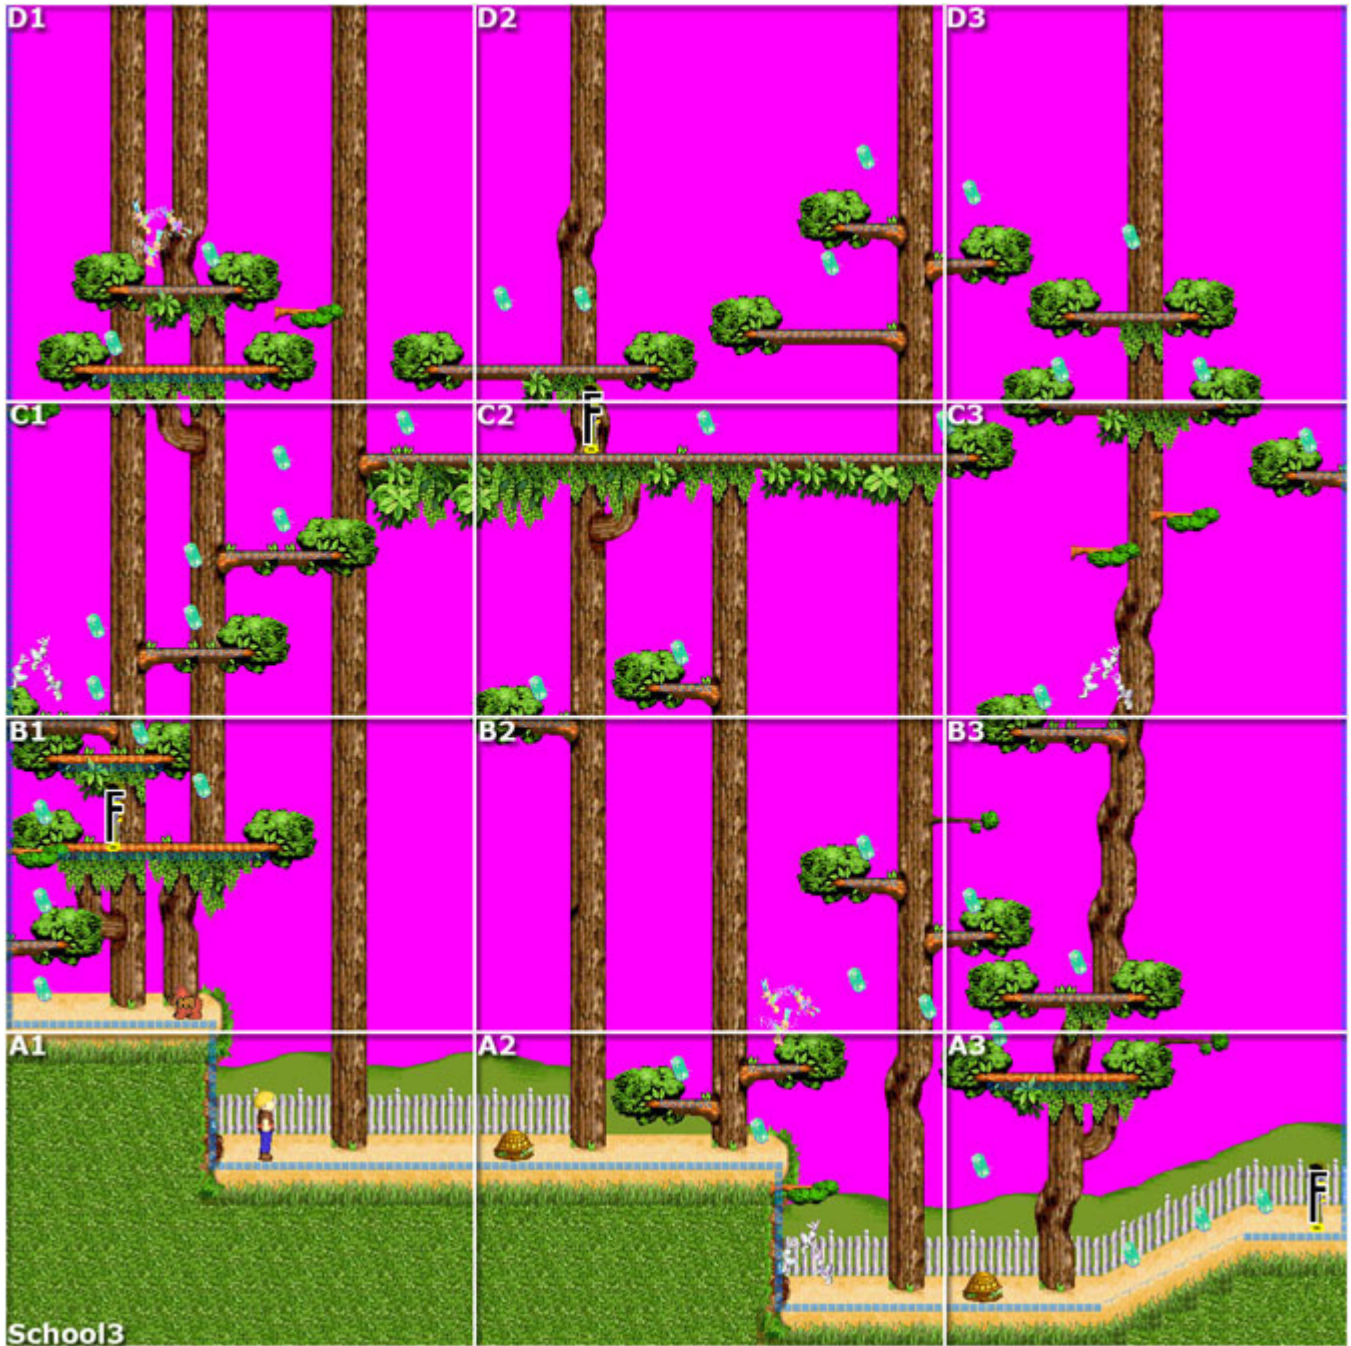

Door 4 – School 1

Begin by moving right, collect the 2 crystals and jump over the Fountain Spray. Continue right, collect the 3 crystals and jump over the Turtle, next jump on the Bumble Bee Bounce Pad and land on the ledge above with the BunnyBee Hover power up. Collect the BunnyBee Hover and jump to the right off the ledge and float to the other ledge that is furthest right. Once on that ledge, jump left to the next ledge above, and jump left again to the next ledge. Jump and collect the 2 crystals above you and then jump left, off the ledge collecting the crystals on the way down. Once you land, continue right collecting the crystals and jumping over the Turtles, Pigeons, and the Mole. When you get to the Bumble Bee Bounce Pad, jump on it and land on the edge of the wooden platform on the right. Jump left and land on the metal bar. Collect the crystals and continue left. Jump to the left onto the monkey bars and collect the three crystals above. Jumps left off the monkey bars and collect the crystals on the way down. You should have 30 crystals. Continue right and again bounce on the Bumble Bee Bounce Pad to reach the wood platform on the right. Move right and collect the BunnyBee Hover, jump right from the top of the slide and float to the metal bars. Collect the crystals on the bars and then jump down. Go back left and climb up the slide to collect the crystals missed. You should have all 40 crystals. Move right and talk to the Kid to end the level.

Door 4 – Puppy Wash Mini Game

The goal of this mini game is to collect the colored shampoo bottles and give it to the Kid with the same color shirt as the bottle. You must score at least ten points to pass. Start the game and listen for a drop sound. That sound is the shampoo bottle dropping. Whatever color the bottle is quickly go to the Kid with the same colored shirt as the bottle. Press the A Button to give the bottle. As soon as you press the A Button, listen for another bottle to drop, and repeat the last steps. Quickly give out ten bottles correctly to win the mini game.

Door 5 – School 3

Begin by moving right, jump over the Turtle, collect the crystal on the ground, and drop down into the pit. Bounce on the Turtle to collect the 2nd crystal and walk up the slope to collect the 3 crystals. Move back to the left and take the BunnyBee Lift up to the Bending Branch. Jump left up onto the cliff. Jump up on the branch and collect the 6th crystal. Jump to branch on the right and collect the BunnyBee Hover. Jump right and collect the 3 crystals through the air. Land in the tree house and jump on the Bouncing Branch to jump on top of the tree house. Jump left onto the branch to collect the 11th crystal.

Jump on the next branch to the left to collect the 12th crystal. Then jump on the Bouncing Branch to the right and land on the branch up above to the right to collect the 13th crystal. Take the BunnyBee Lift up to the Bending Branch. Jump right to the next Bending Branch and jump right again to the branch. Jump up left to the tree house to collect the 15th crystal. Continue left collecting the crystals and walking through the tree houses. After passing through the 3rd tree house drop down to the branch below and collect the 2 crystals. From there hold right and jump off the branch to land on the branch in the middle of the area. Collect the 22nd crystal, jump to the branch on the right, collect the 23rd crystal, and then jump off to the right. From there work your way back up to the 3 tree houses at the top of the level. Go to the tree house furthest left and drop down again to the branch below. Drop down left again to collect the 24th and 25th crystals. Drop down left again and collect the 26th and 27th crystals. At this point you should be next to the BunnyBee Lift. Take the BunnyBee Lift to the Bending Branch above. Jump to the right and collect the 28th crystal next to the tree house. Move right, jump onto the Bending Branch and jump up left onto the roof of the tree house to collect the 29th crystal. Collect the BunnyBee Hover, jump right, pass the tree, and land on top of the tree house below. Collect the 2 crystals, move right, jump to the next tree house roof. Jump up to the branch on the right to collect the 33rd crystal. Jump up to the left branch to collect the 34th crystal. Move to the right and jump to the tree house roof on the right to collect the 35th crystal. Move left from roof top to roof top, keep moving left and dropping down to the branches below until the BunnyBee Lift is reached. Then drop down to the tree house roof, collect the crystal, drop down right to the branch below, and collect the crystal. Move left through the tree house, collect the 38th crystal, Drop down through the Bending Branch to collect the 39th crystal. Move right, drop down to the ground, and collect the 40th crystal. Pet the Puppy and finish the level.

Door 6 – Town 3

Begin by moving right collect the first 3 crystals and activate the elevator switch. Jump on the elevator, collect the 3 crystals and jump on the platform to the left to collect the 7th crystal. Jump up left to the next platform, activate the switch, collect the crystal on the left and then ride the elevator. Collect the crystals on the way up and jump on the platform to the right collecting the 11th crystal and the BunnyBee Hover. Jump to the right collecting the 4 crystals in the air and land on the platform. Activate the switch, ride the elevator and collect the crystals. Jump left onto the platform. Continue left, jump

over the gap, jump on the Sunflower, collect the crystals in the air, and land on the platform to the right. Activate the switch. Jump to the platform on the right and ride the elevator. Collect the 2 crystals and jump onto the platform on the left. Move left, collect the crystals, and activate the switch. Hold left, drop down the gap, Land on the Sunflower and bounce onto the right platform above. Jump up and collect the 32nd crystal. Drop down again this time to the right side of the gap to get the 33rd crystal. Drop down again and hold right to land on the platform below. Work your way back up to the last switch. Continue left and jump on the elevator. When the elevator reaches its peak, jump up to the porch on the top right to collect the 34th crystal. Drop down to the level below and collect the 35th crystal. Collect the BunnyBee Hover, jump right and collect the 5 crystals in the air. Jump up the two platforms and then jump up left to the platform with the Puppy. Pet the Puppy and finish the level.

B – Secrets / Unlockables

Clean' up Caper Mini Game

This game is unlocked after all the puppies have been collected. To play this game talk to the Puppy that is in place of where Emma Joy used to be. The object of this game is to collect the ball that is the color of the open toy box. If the wrong ball is collected a point is taken away. Just watch for the correct color ball and dodge the wrong color balls. Collect 10 points to pass the mini game.

Friends List

The Friends List is opened once a friend is found. After a level has been complete, reenter the levels to find all the friends. There are 30 friends in total. These friends appear in all levels and are randomly placed each time. A friend also appears every two hours in the playroom. Collect all thirty friends.

Unlockable Objects

Collecting 40 crystals in each level unlocks an object in the playroom

- Park 1 – A poster will appear towards the beginning of the Playroom, to the right of the second door
- Town 1 – A fish will appear in the aquarium
- Town 2 – The drawing on the chalkboard will change
- Park 2 – A poster will appear on the wall to the left of the fourth door
- Park 3 – The display on the TV screen will change
- School 1 – The toy chest in the Playroom will open
- School 2 – A poster will appear over the fourth door
- School 3 – The drawing on the easel will change
- Town 3 – The Puppy will get a bed and food

Collecting all 360 crystals in the game will unlock the wardrobe. The wardrobe is located at the end of the Playroom. This will allow you to change your clothes by pressing the A Button at the wardrobe.
